MAKES CHILDREN BRAINY. PROOF ABOUT FEEDING.

It has been proved times without number that properly selected food will build up the brain. The testimony of a school teacher on this subject is good. The letter is long and only the important facts will be given.

"While I was teaching school in 1898 a little girl in the household where I lived was very fond of Grape-Nuts and would eat all she was allowed. I noticed that she was a remarkably bright pupil. There were five other children, all of one family, that were so marked in their work They were really the brightest family I ever knew, so I questioned to find what they were using. They replied, 'Only Grape-Nuts.' I learned upon further inquiry that this was their chief diet for breakfast, and discovered that their luncheon consisted generally of Grape-Nuts with

cream and a little fruit. "I had suffered from dyspepsia, headaches and general debility greatly and, as I knew my diet was not well selected, I took up Grape-Nuts Breakfast Food and carried it to school for iuncheon. I soon discovered a change in my condition, and found that Grape-Nuts afforded more nourishment than bread, meat, eggs or anything that I could take in my basket. After luncheon I would feel strong and bright for the afternoon's would reer strong and bright for the afternoon's work, while before I had frequently been half ill.
"In the spring of 1900 I went to college, rented a room and boarded myself, subsisting largely on

Grape-Nuts, and I cannot speak too highly of the

food as a brain nourisher. At the end of a year's schooling I obtained a position in one of the ward "The wife of the college principal tells me that there is no food that agrees with her as well as Grape-Nuts, and that testimony was repeated by a lady friend in my own home." NEW PLUMBING INSPECTOR

COMMISSIONERS APPOINT O. L. IN-GALLS TO THE VACANCY.

Announcement Something of a Sur prise in District Circles-Other Promotions Follow.

The District Commissioners today approved the recommendation of Captain Chester Harding, assistant to the Engineer Commissioner, that the vacancy in the position of inspector of plumbing, caused by the resignation of Mr. C. B. Ball, be filled by the appointment of Mr. O. L. Ingalls. an assistant engineer in the engineer department of the District government. The announcement of the appointment of Mr. Ingalls came as something of a surprise in District circles, as it was thought by many that Mr. R. A. O'Brien, the first assistant inspector of plumbing under Mr. Ball, would be promoted to fill the vacancy. In recommending the appointment of Mr. Ingalls, Captain Harding, who has supervision of the plumbing office, says:
"Mr. Ingalls has been continuously in the employment of the District since 1890, when he was appointed assistant engineer in the sewer department. He is at present rated as assistant engineer, with compensation at \$6 per diem.

"His services in the sewer department have been faithful and creditable, and in the absence of the permanent incumbent he has from time to time satisfactorily per-formed the duties of the superintendent of sewers, on one occasion for a period of four and one-half months. Mr. Ingalls is a graduate of Cornell University, and is in my opinion well qualified by education and by his experience in the allied department of sewers, for the duties of the head of the plumbing department." Other Promotions Follow.

The office of inspector of plumbing carries with it a salary of \$2,000 a year. Mr. Ball, formerly at the head of the office, resigned to accept an appointment under Mayor Low in Greater New York in the newly created department of tenements. The appointment of Mr. Ingalls leads to the following promotions in the department of sewers: M. E. Ward, from assistant en-gineer at \$1,500 per year, to assistant en-gineer at \$6 per day; J. R. Whelpley, from leveler at \$1,200 per year, to assistant en-gineer at \$1,500 a year; E. E. Quimby, leveler at \$4 per day, to leveler at \$1,200 per year; J. J. Reamer, rodman at \$780 per year, to leveler at \$4 per day; A. R. Mc-Gonegal, rodman at \$2.60 per day, to rodman at \$780 per year; J. B. Gordon, chainman at \$650 per year, to rodman at \$2.60 per day; J. L. Sneed, chainman at \$2.25 per day, to chainman at \$650 per year A further recommendation by Capt. Hard-ing that the vacancy in the plumbing board caused by the resignation of Mr. Ball be filled by the appointment of Mr. R. A. O'Brien, assistant inspector of plumbing, has also been approved.

MRS. BOSTWICK DEAD.

Self-Inflicted Wounds in Throat Prove to Be Fatal. Mrs. Frances Bostwick, who attempted suicide last Friday morning in Marion Park southeast, by stabbing herself in the neck with a pair of scissors, as published in The Star at the time, died yesterday afternoon at the Government Hospital for the Insane. Her death resulted from the infury inflicted by the scissors. The deceased was fifty-eight years old and was under treatment, at the asylum in 1898. When signs of a return of mental trouble were discovered last week her husband summoned his family physician and made arrangements for sending her to the asylum. was to have been transferred to the institution Friday. Early in the morning, before daybreak, she left her home at 519 6th street southeast, in her night robe and made her way to the park, where she was Policeman Dent. She stabbed herself before the policeman reached her, and her explanation was that she had been told by a spirit to use the scissors. The woman's husband, Mr. George Bost-wick, is employed at the navy yard. He took charge of the remains today and the funeral will take place from the family

AFFAIRS IN GEORGETOWN.

General and Personal Items From the West End.

A large crowd assembled last evening at St. John's Church, corner of O and Potomac streets, to listen to the music furnished by the choir of Old St. Paul's Church. Selections from the oratorio of "St. Paul" were features of the program. Other music rendered was the Magnificat and Nunc Dimittis in G; anthem, "I Will Love Thee, O Lord," and the Festival Te Deum in C. Dr. B. Merrill Hopkinson was the bass soloist, accompanied on the harp by Fraulein Thiele. The service was in charge of Mr. Miles Farrow, organist and choirmaster. While the service was free a collection was taken up for the benefit of St. John's choir library, a good sum being realized.

The regular semi-annual meeting of the Tenleytown Alumni Association, which was organized some years ago, will be held to-morrow evening at the residence of Miss Cora Pimper, on 31st street. The member-ship of the association is confined to the old students of the Tenleytown public school. Mr. William Fischer is recovering from an attack of the grip, though not able to be

out. Mr. Charles Scherer, who has been kept at his home for several weeks, suffering with the grip, has practically recovered.

ALEANDRIA, Va., February 6, 1902. A life-size portrait of Mr. John Hay, Secretary of State, has been framed for exhibition in the reception room of the William McKinley Industrial School (colored), at Montgomery and Patrick streets. The por- \$3,000. trait has the approval of Secretary Hay, it having this autograph: "For the William McKinley Industrial School, Alexandria, Va., with best wishes of John Hay." It is understood that the members of the Relief Hook and Ladder Fire Company have no objection to the plan of the Washington, Alexandria and Mount Ver-non Railroad Company to lay a track in Prince street between Fairfax and Royal streets, provided an improved grooved rail similar to the one recently laid in King street is used. The company, it is said, is willing to comply with these terms in order to secure a learn recent the black of the secure and the secure of t der to secure a loop around the block.
